

Statement for Safeguarding Confidentiality

Management System Certification Institute (Thailand) (MASCI) understands the necessity and importance of confidentiality of information in performing validation and/or verification activities. Therefore, MASCI strictly commits to safeguard confidentiality by:

1. Operating in accordance with related laws and regulations in GHG validation and verification activities.
2. Establishing and maintaining the operational structure and documented procedure to manage confidentiality of information.
3. Keeping the confidential information in strict confidence.
4. Ensuring the confidential information not be used for any purpose whatsoever, directly or indirectly, other than for the purpose of conducting the GHG validation and verification.
5. Ensuring the confidential information not be disclosed, without the prior written consent of the client, except where the law requires such information to be disclosed without such consent.
6. Ensuring the validation or verification records has maintained securely and confidentially, including during their transport, transmission, or transfer.
7. Using the equipment and facilities that ensure the secure handling of confidential information.
